PROJECTS

Project Hospitality Management

Nov 2023 - Jan 2024

The Hospitality project focused on developing a comprehensive online reservation system for a hotel chain. The goal was to streamline the reservation process, enhance customer experience, and improve operational efficiency. The project involved designing and implementing a user-friendly interface for customers to search for available rooms, make reservations, and manage their bookings. Additionally, the system integrated with the hotel's backend systems to automate various tasks such as room inventory management, pricing, and billing. The project successfully delivered an intuitive and efficient reservation system that improved the overall guest experience and optimized hotel operations.

Project Diversity and Inclusion

Jan 2024 - Jan 2024

The Diversity and Inclusion project aimed to foster a more inclusive and equitable workplace environment within an organization. The project encompassed various initiatives, including awareness campaigns, training programs, and policy development. It involved conducting diversity assessments, identifying areas for improvement, and implementing strategies to promote diversity, equity, and inclusion. The project team collaborated with stakeholders from different departments to develop training modules, create employee resource groups, and establish guidelines for hiring practices and workplace policies. The project resulted in a more diverse and inclusive workplace culture, enhanced employee engagement, and improved organizational performance.
